Residents worried about water levels authority blames rain, warm weather

Minden and area residents watched with concern this week as the level of water in the Gull River climbed to what some people described as the highest they had seen it in a long time.

The high water levels resulted in basements of homes along the river being flooded, the drowning of a portion of North Water Street, the almost total obliteration of Rotary Park under a liquid covering and raised questions in the minds of some as to who was allowing the heavy water flow and why.

The Trent-Severn Waterway system, under Parks Canada, controls the water levels on the Gull and Burnt River watersheds. Bruce Kitchen supervises the system from his head office in Peterborough.

"The high water is the result of six weeks of rain, starting in early November, and the mild weather," Kitchen stated in an interview Tuesday afternoon. "Here in Peterborough we recorded six and a half inches of rain for the month of November, and I understand there was close to eight inches in Minden. That amount, added to the rainfall received in the first six days of December represents more than twice the normal rainfall."

The Parks Canada official added, "the mild weather hasn't helped either. With no freeze-up the rain that fell was carried into the lakes and rivers. The ground is saturated and as a result it is unable to absorb any more

rain. As soon as it falls, it becomes run-off."

Kitchen described the situation now being experienced as "exceptional, a once in five or ten year occurrence," but said that the flows on the Gull were not record-breaking nor did they represent more than might take place in the spring. "The present flow is what might be experienced during a moderate spring freshette," he commented.

A number of area residents have suggested that the computer used by the Trent-Severn Waterway system was the root of the present problem. However, Mr. Kitchen said the device is not being used at the present time. He said the computer is only in use in the summer months when the water level is being maintained in the lower portion of the watershed for navigation purposes.

At the moment, readings taken by Trent-Severn personnel at various points along the system are used, along with weather data, to determine how the draw-down of the water will be carried out. However, the heavy rain and mild weather have reduced the options open to the authorities.

Suggestions that upper lakes could be used to store the excess water until it could be allowed through the system at a slower rate were rejected by Kitchen. "Hall's Lake is 80% full and rising. If we attempted to store the water upstream, it wouldn't last long before those lakes would be full. We don't want to be

caught with more water than we need when the freeze-up occurs."

The supervisor said the weather forecast for the remainder of the week offered the most optimistic outlook for the reduction of water levels. "What we need is

moderately cold weather at nights, say six to ten degrees below freezing. This will help to dry up the flow from the smaller streams feeding the lakes and rivers.

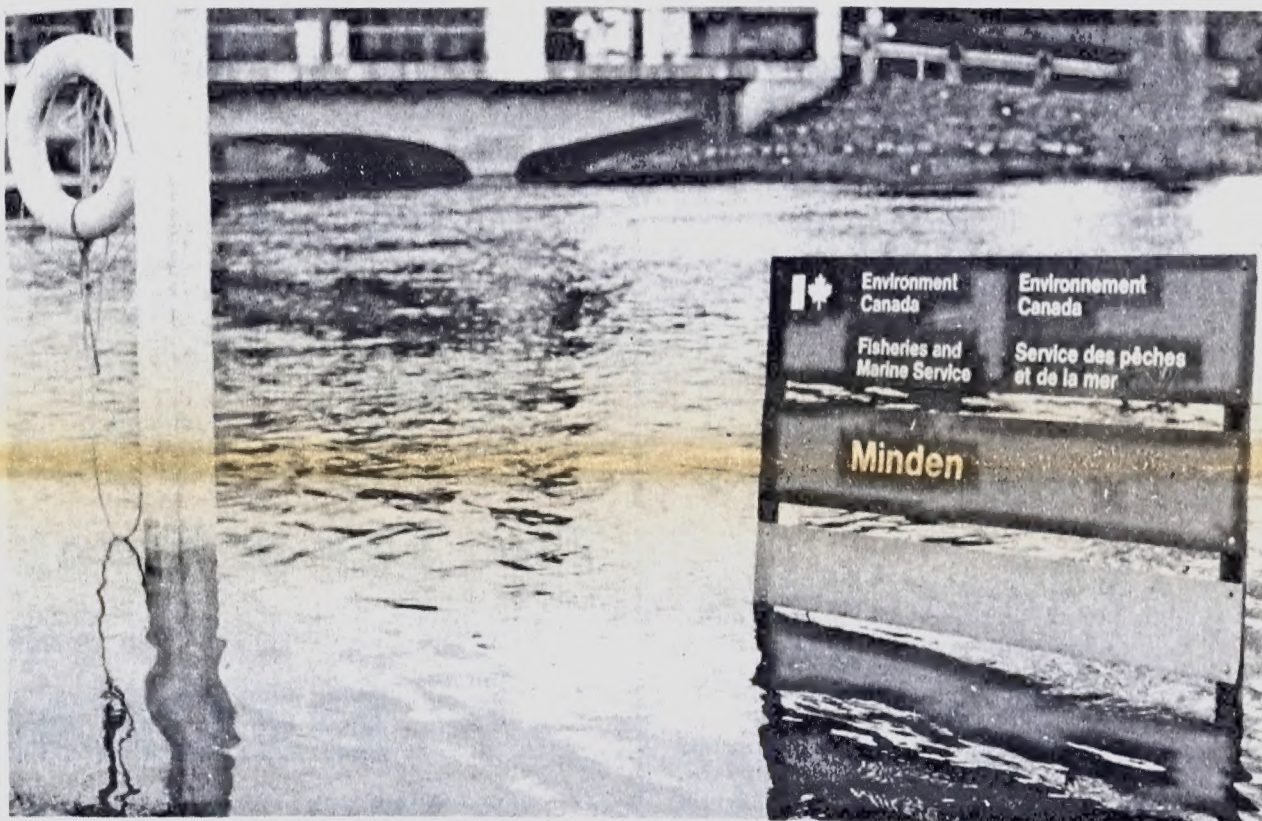

Kitchen said the slower the cooling rate the better as a fast and deep freeze would trap a

great deal of water upstream.

The spokesman said he felt the level of the Gull River should start to drop in the next few days as the impact of the cooler weather and lack of rainfall is felt throughout the system.

The words of encourage-

ment are not likely to satisfy those living along the river who have eyed the rising levels with caution. Only when the water recedes and basements become dry again, will these individuals be assured that things have returned to normal.

Water laps at the bottom of the Minden sign at the government dock as the Gull River filled to overflowing this week. Trent Severn Waterway officials say heavy rains this past month and mild weather have resulted in the extraordinary conditions. The flood conditions are expected to ease this week.

Housing project delay by ministry employee shuffle

A change in staff at the Ontario Ministry of Housing could mean a delay in the start of construction for the Staunworth Housing Authority.

The authority's chairman, Anson, Hindon and Minden Deputy Reeve Ed Pergolas, reported earlier this week that, as a result of a change in staff at the ministry, the application for funding has been set back. He described the situation: "We have been told we need an allotment number and without a number we cannot receive funding. We didn't even know there was such a thing as an allotment number. Nobody told us anything about it," Pergolas explained.

Apparently, during a change in Ministry personnel, the municipality's application was "lost in the shuffle" and consequently, failed to receive an allotment number.

The authority, which represents the municipalities of Anson, Hindon and Minden, Lutterworth and Stanhope townships was organized earlier this year to build and operate senior citizen and geared-to-income housing units. The first major project of the authority is the building of 20 senior citizen apartment units at an estimated cost of \$900,000.

Pergolas emphasised that the project will still go ahead, but that instead of beginning construction, as anticipated,

in the spring, the work will have to wait until the fall of 1983. "Allotment numbers are issued in July. We will get ours then," he commented.

In the meantime, the authority is forging ahead, preparing plans for the new structure, acquiring land and carrying out studies. "We need to have all this work done before the ministry will give us the funds to proceed, so we might as well get at it," Pergolas commented.

Pergolas said the authority, which met last Thursday, was disappointed and annoyed by the delay. "We don't like the way this thing was handled," he commented. He said the authority would press to receive an allotment number before the normal July issuing

date to enable construction to begin as soon as possible.

"The committee has been working hard on this project and they are anxious to get going. We will be pressuring the ministry to get things underway," Pergolas said. The chairman suggested that if another housing authority was not ready to proceed this spring, the Minden project might be able to use the funds.

In addition to the senior citizen apartments, the authority hopes to construct geared-to-income units. However, some question has arisen over the latter due to a lack of funding. The emphasis, at the moment, is on the twenty seniors apartments.

Developer eyes Dysart location

Dysart et al could be the location of a \$3 million development by a large investment firm, with the potential of bringing in a significant amount of tourism dollars.

Larry Bailey outlined Sherwood Investment Properties' proposal to Dysart council December 6. He said the company developed property for time sharing used by vacationers in the United States and Europe. He also mentioned similar

development near Collingwood as one of their developments.

Bailey said that the Dysart development would include about 30 to 35 units depending on the size of the property on a 1500 foot lake frontage. The units would be individual chalets with two bedrooms and two baths and a fireplace. They would be "rustic on the outside but very modern on the inside," he said.

(more on page 2)

Dysart council briefs

Items from the December 6 meeting of Dysart et al municipal council.

A larger council took the oath of office Monday, December 6 at the Dysart Municipal offices. The revised ward system added more councillors to raise council's number to seven. Dysart et al's 1982-85 council includes Reeve Murray Fearrey, Deputy Reeve Gary McKnight, and councillors Dorothy Baker, Glen Hodgson, Lloyd Leadbeater, John Parish and Sid Cooper.

Reverend John Smith was asked to speak prior to the opening of the new term. He advised them to seek wisdom and to be just and understanding to make proper decisions for the community.

Reeve Fearrey welcomed the new members and hoped they would do their best for the whole municipality. "I like to think we have a united council," said Fearrey. Some residents try to split council and this becomes a problem as issues can be continually reintroduced after a decision is made, to the detriment of council's efficiency. If council makes a decision let's stick together on it he said.

Fearrey also advised the new members to acquaint themselves with the municipality's official plan and zoning by-laws to more ably

discuss concerns.

Bargaining

Dysart council discussed a letter from the Canadian Union of Public Employees (CUPE) representative Harold Wrightman. He invited council to set a bargaining date to come to an agreement on employee wage and benefit contracts. Some of the office staff and roads department employees belong to the union.

Reeve Murray Fearrey said that Wrightman seemed to think the collective agreement out of bargaining range but council expressed an interest in discussing vacation periods. Council agreed to write a letter to Wrightman informing him of their interests. They decided a date could be set following a response from the union representative.

Help requested

The new Haliburton County Private Forest Owners' Association has asked Dysart to help administer some of the federal government funding pending the development of the association's own administrative system. The group also asked Dysart to make the application for the association's incorporation. In return, the association offered to do some forestry work for the municipality. Fearrey and clerk Wayne Wood assembled

a tentative list of projects the forestry group could work on and invited more from council members. Most of the projects consisted of brushing.

Statement

The Ministry of Housing

was asked by Dysart et al council to prepare a municipal housing statement for the municipality. The ministry will make recommendations concerning the types of housing, for example housing for seniors, Dysart should concentrate on developing.

The municipality plans to advertise an open meeting in January to encourage residents to present their

views. The ministry will tabulate the results of the planned survey.

Confers with minister

Reeve Murray Fearrey and municipal clerk Wayne Wood attended a meeting called by Natural Resources minister Alan Pope concerning the new land use strategy the inaugural meeting of Dysart council was told December 6. Fearrey reported to the minister the strong opposition

to the erosion of the rights of the private landowner. He also said that the general consensus was that the meeting was far too general to be effective. Pope invited a vast range of concerned parties from trappers to municipalities.

After standing in line for about two hours Fearrey received approval for Dysart's

(more on page 3)

Dysart development

(from page 1)

The project would include a convenience store, hiking trails, at least two tennis courts, perhaps with protective air supported structure to facilitate year round use and a number of other features.

Bailey mentioned the skyslider, the proximity to skiing and the winter carnival as positive points of the area. Sherwood's representative said that the project would be a four season resort which would attract new investment dollars and act as a new source of vacation dollars.

"We know this is a coming thing," said Dysart reeve

Murray Fearrey. He continued by saying the council is, "anxious to encourage this sort of thing."

Fearrey said council would need to know the name of the lake before talks between the municipality and the company could develop. He asked the press not to reveal the name of the lake as property had not yet been purchased. He suggested to Bailey he would probably encounter objections from other property owners on the lake. Fearrey asked Bailey to get in touch with Derrel Stamp, Dysart Planner to discuss the future of the project.

Jim Harrison is Stanhope citizen of the year

Jim Harrison, who has stepped down as Reeve of Stanhope township, was named citizen of the year in that municipality. The honour was conferred on Harrison at the municipality's annual Christmas dinner held Saturday evening at the Stanhope Firemen's Hall.

The selection of the recipient, made by the municipal council on which Jim Harrison had presided, has always been kept a secret until being announced at the dinner. This time two names had been kept secret. The full council agreed to the selection of one individual for the award, while, at the same time, the council, without Harrison's knowledge, had decided that he should receive the honour. The presentation came as a complete surprise to the outgoing politician.

After the roast beef dinner, Reeve elect Harry Davis took the podium and introduced the municipality's guests. The dinner was honoured by the presence of the Ministry of Transportation and Communications Huntsville municipal engineer Wes Ham and municipal planner John McDermott. The guests were also asked to congratulate Deputy Reeve Elgin Stouffer for his recent appointment to the board of governors of Sir Sandford Fleming College.

Derek Rolfe was then asked to thank the kitchen volunteers on behalf of the guests "for a lovely meal and the splendid way it has been served."

Davis asked outgoing reeve Jim Harrison to assist him with the next part of the schedule. When Harrison had

Citizen of the year Jim Harrison expresses his appreciation to those in attendance Saturday evening. The award was presented at the municipality's Christmas dinner.

mounted the stage the evening's MC said "I suppose it's a dirty trick to play on someone who has done so much for the municipality."

"This is our way to thank people who've done things for us indirectly and directly," he said speaking of the honour, "and Jim Harrison is one of those."

Harrison's mouth dropped when he fully realized the honour conferred upon him and he stuttered, "that's not the name put forward in council". The reaction of surprise brought a round of laughter from the audience which then rose to congratulate Harrison with a standing

ovation.

When the applause had died down Harrison thanked the community for the plaque (which was not there due to a minor mix-up). He said that the township would finish the year "in the black", a comment which was well received. He credited the committees for this situation. "When we began the year I asked the committees to stay within their budgets and they did pretty well", Harrison said that part of the success was also due to the cooperation "from people like yourselves".

The festive evening ended with a dance presided by disc jockey Ed Whitely.

Students from the grade eight class at Archie Stouffer Elementary School had an opportunity last week to see the 100 inch loom in operation at the library/cultural centre common room. Esther Lee explained the intricacies of the machine to the youngsters.

Council briefs

(from page 2)

new tree cutting by-law. He also suggested that a proposed provincial park situated in the southeast corner of the county would be better placed nearer to business centres on available crown land. "It is now in Mr. Pope's hands," said Fearrey.

The trip to Toronto was financed by the municipality without the general knowledge of the council. Glen Hodgson suggested a telephone survey of council members should have been taken to gain approval for expenses for travelling. Fearrey said the meeting was called on short notice and in previous situations of this type, funds had not been withheld. He agreed however that a telephone poll was a good idea to adopt as a policy.

Riding a wave

This week and next most of the municipal councils will be officially taking office. The oath which the councillors swear, will usher in a three year term, and for many of their constituents, a period of optimism that usually follows an election.

The councils will have to grapple with a number of serious problems, particularly those related to the economy. While the traditional sources of income may be squeezed or shut off, other programs aimed at boosting employment are being offered by both the federal and provincial governments. Adroit councils should be able to avoid the worst of the squeeze by taking full advantage of these new schemes. Those who miss the opportunities will likely find their municipalities falling further behind.

On a more specific matter, both municipalities of Anson, Hindon and Minden and Lutterworth are going to have to come to grips with the hazard land question. While the outcome of what appears to be a battle royale will affect these municipalities and their ratepayers directly, other townships in the county will have a direct stake in the outcome as their zoning by-laws or official plans come up for revision.

Promotion of the Haliburton Highlands and its individual communities should be a high priority. Tourist promotion, industrial promotion, attracting residents, both seasonal and permanent, and boosting the local economies will take time and effort, but, if done successfully, will reap benefits to sustain and enrich the communities concerned.

The next three years will not be easy ones for municipal councils, but most appear ready for the challenge. Their first objective should be to ride the wave of optimism and enthusiasm they are now on, as far as they can make it travel. We wish them well.

Rotary Park, Minden was inundated this past week as the Gull River overflowed its banks. The river also covered a portion of North Water Street and caused a number of basements in riverside homes to start to fill with water.

Foreign buyers avoiding tax

- by John Eakins, MPP -

The question of foreign land ownership has once again been raised in the House, by Liberal Leader David Peterson and Jack Riddell, MPP for Huron-Middlesex, who have charged that the Ontario Government has been aware for eight years that foreign nationals have been buying Ontario farmland, using loopholes in the current legislation to avoid payment of the 20 per cent land transfer tax. When the

former Treasurer John White announced the land transfer tax on foreign land buyers in his 1974 budget he claimed that foreigners would not be able to avoid paying the tax by means of acquiring the land through numbered companies. However, the legislation did not include a clause which would force a foreign buyer of a corporation to pay taxes on the land owned by that firm.

Education changes
In what has been described

as a repudiation of the Davis educational policy and an endorsement of Ontario Liberal policies, the Minister of Education has indicated that by the end of the decade planned changes will make high school much tougher for pupils. In response to a study which found that "a more rigorous, prescriptive system" is required, the Minister has announced that Grade 13 diplomas for students heading for university ought to be abolished and a single diploma with more stringent requirements should replace it throughout the province by September 1989. The number of compulsory credits for a secondary school diploma will be raised from nine to sixteen, including five English, two math, two science, and a French credit. While the changeover date will vary from school to school, some students entering Grade 9 in September 1984 will be governed by the new requirements. Grade 12 and 13

diplomas will be replaced by a single 30 - credit Ontario Secondary School Diploma, which will be first available in June 1986, and will be the only diploma given by June 1990. Grade 13 will become a university preparation program called Ontario Academic Courses - a six credit program of advanced level to be taken during the four year diploma program or subsequently in a fifth high school year.

Ontario-wide standardized tests of the advanced academic courses would be conducted by the educational system, for use as university entrance examinations, and the Minister is apparently giving consideration to making it a rule that copies of a pupil's transcript, complete with marks, be sent home at the end of each school year. Under the new government scheme, all schools are to adopt a standardized transcript for the use of higher education institutions and employers.

A costly report

- by Bill Scott, M.P. -

I started out intending to write to you about the proposed redistribution of seats in the House of Commons and how and when this will affect Victoria-Haliburton. I shall return to that later in this article.

In the midst of preparing this column, a Parliamentary messenger delivered to my office a presentation from the Davey-Joyal Committee entitled, "Semi-Annual Report on the Progress of 6 & 5". This report is in a beautiful deluxe three inch white ring binder. It has emblazoned on the front the 6 & 5 logo on a plasticized cover. The detailed, bilingual Table of Contents lists 25 separate sections which vary in length from one to eighteen pages.

The quality of the graphics and printing is excellent. No costs were spared to produce this detailed defence on the program, including a bound, fifty page presentation copy of the Prime Minister's T.V. broadcasts on October 19, 20 and 21.

After spending some time admiring the presentation, I began wondering at what cost it was produced. I have no idea how many of these presentations were distributed. The binder itself must have cost several dollars. The tabbed presentation, including booklets, constitute a 500 page printing job. Adding up these costs one quickly realizes that the total bill is outrageous.

The Government brags about the savings caused by the 6 & 5 program in the

presentation, but this boast does not jive with the kind of spending illustrated by its production. Surely the purpose of the program is to reduce overall spending and not simply direct it from wages to printing. The savings must be used to increase welfare payments, sponsor worksharing agreements and generally stimulate employment. To spend it on public relations efforts for the Liberal Party is totally irresponsible.

I said I would return to the proposals for redistribution and I shall. The proposals, as you may have seen by now, would mean Victoria-Haliburton would lose the Township of Georgina and would

(more on page 6)

letters

In "Hydro Wants Too Much" (November 3), John Eakins, MPP, argues that Ontario Hydro's 1983 rate increase should be held to 5 per cent.

Costs within our control - such as our payroll - we are limiting to 5 per cent, as required.

Costs that are beyond our control - about 70 per cent of the total - we must pass through to our customers, as permitted by government guidelines.

In setting these guidelines, the government realized that to do otherwise would be to force companies to go deeper into debt, or reduce services.

Hydro's main uncontrollable costs are coal purchases and interest payments on bonds. The price of coal will rise about 9 per cent next year, and the current interest rate on bonds is about 14 per cent. If we offered bonds at 5 per cent, no one would buy them.

Basically, this is why the rate increase was 8.4 per cent instead of 5 per cent. To take it down any further would mean borrowing more money, and that would push rates up in years to come.

At 8.4 per cent, the increase will again, for the fourth straight year, be below increases in both inflation and the price of other forms of energy, and natural gas has gone up substantially more than the rate of inflation in recent years.

We will be doing more and more in the next few years to make sure electricity rates do not impose a financial burden on the people of Ontario.

We have frozen staff levels for 1983 and 1984 at 1982 levels, despite the fact that we'll be bringing new generating units into service. Our executives have had their salaries frozen. Most management staff have contributed to a voluntary "week off without pay" plan. Next year all our employees will be subject to the 5 per cent limit.

We're reviewing all of our capital programs to see what can be cut or delayed to save money in rough times. We recently rescheduled two units of the new Darlington plant to reduce our borrowings for the next few years.

We've adopted a new corporate strategy that promises a "no frills" Hydro which will be building less and trying to help our customers save money and conserve by using electricity in place of other more expensive and limited energy.

We're working hard to keep our service as reliable as it has always been, and our product affordable. Providing power at cost has always been our philosophy and we're trying to keep that cost as low as we can. And most important of all, electricity prices in Ontario are among the lowest in North America.

Hugh Macauley,
Chairman of the board,
Ontario Hydro,
Toronto.

Cobbler Nick George

'Sole' searching

Cobbling is an ancient trade.

Traditionally, footwear would be taken to the local cobbler to preserve a treasured pair of dependable shoes or boots or perhaps have some other leather articles mended.

Nick George is the trade's representative in Minden. He opened his Peck Street store, called simply The Cobbler, last April. He has found that in this age of cheap, mass produced footwear, consumers automatically buy new shoes or boots instead of repairing their present pair.

"It's not something which catches people's eyes right off the bat," said Nick at his shop. There is enough work for a steady day but it is a bit slower than he expected. His son is following in his footsteps but has to learn the trade in Toronto.

Nick lived in Kinmount for about 10 years and dabbled in cobbling when he was young. He went to Toronto and drove transport until 1973 when an accident injured his back. "I couldn't do much bull work after that. The only that that suffers in this job is your hands. You gets lots of nicks and gouges."

He began practising the trade again about a year and a half before coming to Minden. "It looked like something I could make some money at, at the time," he said. Shortly after opening his Minden store and thinking himself the only cobbler in the area another shop opened in Haliburton.

The general rule in cobbling is the harder the times, the more business done. However, "the problem is that it's been so long since people had their shoes repaired. Especially older people. Usually they bought their \$15 shoes years ago and are surprised at the price of repair, which is sometimes as much as the original price. But those same shoes are now about \$85 on the racks."

Not just shoes

Minden's cobbler can do most leather work, from shoes and boots to purses and repalming hockey gloves. He also repairs zippers and reattaches cleats. "We're geared more to shoes but we can do just about everything."

Shoe brushes, silicone and de salinator are a few of the variety of products available at The Cobbler. "I try to have something for everybody," Nick said.

Cobbling requires specialized equipment which can vary between a \$30 hammer to a \$3000 1948 reconditioned, Landis stitcher for soles. The hammer is not absolutely essential but without the stitcher Nick would be helpless.

All the equipment is imported from the United States, so a prospective buyer has to deal with the accompanying problems, rate of exchange and import duties being but two.

Price of materials can be just as burdensome as the price of equipment. Nick has tried to make a deal by volume but it is a difficult process because of the size of his business. "The killer in this business is the price of materials. You could go to the store and get about the same price as I do. To get a deal I'd have to buy enough leather to wrap everybody in Minden in it," he said laughing.

Despite these minor setbacks Nick looks to the future. He hopes to be accomplished enough in his trade to be able to diagnose an individual's walking problems after "reading" their footwear. "That's where you get into orthopedic shoes. That's a good trade to get into because if you're not standing right the whole body is thrown off kilter which can lead to back problems."

Nick is convinced that the need for a cobbler in the Haliburton County area is very real. It is just a matter of consumers thinking twice about pitching out their trusty shoes or boots because the stitching has come loose or the heel has worn down. Also with the recent emphasis being placed on quality, long lasting goods, repairing the odd heel or sole, rather than repeatedly buying new shoes is starting to make good sense.

Ladies host bonspiel

The ladies of the Minden Curling Club are hosting the S.O.L.C.A. Provincials for District 12 being held December 13, 14 and 15. Teams from the district competing in the event are Oakwood, Lindsay, Sutton, Beaverton, Fenelon Falls, Bobcaygeon, Omeme, Haliburton and Minden.

The games will start at 9:00 a.m. and 1:00 p.m. with Minden playing their first game at 9:00 a.m.

There will be a lot of excellent curling, so please come out and watch and cheer on your Minden team.

The winner of this event will then compete in the next level of playoffs.

from the chamber

by Bob Stinson

John Hope-Johnstone, president of Hope-Johnstone Marketing Systems Inc., was one of the most exciting speakers to be featured at Resorts Ontario's Fall meeting here in Haliburton and he drew a standing ovation at the conclusion of his presentation. He was subsequently asked to be the keynote speaker for the beginning of Career Week at Haliburton High School and once again made a very significant impression.

The Chamber has now arranged to have John Hope-Johnstone visit us for a full day and run a marketing seminar which should be extremely beneficial to those who are interested in improving their techniques in this area. Mr. Johnstone insists that he can work effectively only with small groups and the registration will therefore be absolutely limited to 15 participants. If, however, there is sufficient interest beyond the limited number allowed, we may be able to run a second seminar for those who missed out on the first one.

The seminar is set for Wednesday, January 12 at Maple Sands Resort. The cost is \$60.00 per person and this fee includes all your materials and a lunch at Maple Sands. You may register by calling the Chamber at 286-1760 and mailing in your registration fee.

Can you afford to spend \$60.00 on a marketing seminar when times are tough? We ask, can you afford not to? When times get tough, the competition gets tough, and you are going to need all the skills you can acquire to come out on top. That's what this seminar is designed to do for you.

Winter photo contest

The Chamber is setting up two photo contests in order to acquire some winter photographs suitable for use in winter promotional programs. The first contest will be for existing pictures that you have so that they can be used this year. The deadline on submissions for that contest, therefore, is December 31.

The second contest is being run to encourage photographers to take pictures this year which we can use in the future. The deadline for submissions of those photos is March 31, 1983.

Pictures must be black and white, and must include people enjoying a winter activity in the Highlands. Pictures of winter scenery therefore must have at least one person in the view, preferably involved in something such as skiing or snowmobiling. Winners will be asked to also supply negatives and the winning photographs will become the property of the Chamber. In addition to supplying the winner with a prize, the Chamber will provide a photo-credit wherever the winning pictures are used.

Pictures will be judged purely on their suitability for promotion of winter business in the Highlands. The prize lists are not yet complete but will include merchandise vouchers and dinners for two at some of our leading establishments. We hope to have the list put together by next week.

New director from Cardiff

We are pleased to announce that Joe Paul, owner of the Cardiff Food Fair at Cardiff townsite has been appointed as an ex-officio director of the Chamber of Commerce. The motion to invite Mr. Paul to fill the position was made at the November 30th Board was anxious to improve representation from that part of our County and was most pleased to welcome Joe Paul into their ranks.

Ministry counsellors visit

Representatives of the Ministry of Tourism and Recreation's Travel Counselling Services are in Haliburton County this week and are visiting all accommodation facilities that are members of Resorts Ontario and that are open year round. The Ministry is placing a very high priority on year round tourism and is making sure that their staff is fully familiar with the facilities that are now available. A welcome sight.

Youths charged

An 18 year old Ingoldsby youth has been charged in connection with several incidents in the Ingoldsby village area, including the extensive damage of over \$10,000 in broken windows Hallowe'en night.

According to police one cottage in the Ingoldsby area sustained \$8000 damage. All

triple glaze windows in the structure were smashed. A mailbox, uprooted from its roadside location, and a concrete block was used to break the windows. Windows were also broken in the boat-house and garage. Some garden furniture was broken and thrown in the lake.

Damage was also done to a store, a home, phone booth and a fence in the community Hallowe'en night.

Tim Eastman of R.R. 1 Minden has been charged with the Hallowe'en occurrences, Eastman and Tim Beaver, 16, of R.R. 1 Minden were also charged with two other recent happenings around Ingoldsby.

Early December 3, a battery, a flag and gasoline were stolen from the County Roads Department shed at the community. About \$500 damage was also inflicted on nearby vehicles.

That same morning, a 1970 GMC pickup was stolen from a driveway and was later found close by, mired in mud.

The occurrences are being investigated by PC Jim Solway and PC Bob Pearson.

Society still plans park

The Minden Horticultural Society has been unsuccessful in its efforts to obtain a federal government grant to assist with the development of a nature park. The group had applied under the Canada Community Development Project program.

According to a spokesman for the organization, the site is well-suited for a nature park, particularly since it is so close to the senior citizens' apartment complex, the school, community centre and the library-cultural centre-museum group. The park is proposed for the land adjacent to the library-cultural centre.

The spokesman also indicated that the park would be an attraction to visitors to the community as it would be a "quiet area" in which visitors could relax.

Despite the fact the organization was unable to acquire a grant for the park, they plan to begin work on the project. "We hope the nature park will become a reality before too long."

The society has also volunteered to assist the municipality in landscaping work around the library-cultural centre and museum.

The next meeting of the society will be held February 1, 1983 at the Minden United Church. The meeting will be the annual pot-luck dinner with Reverend George Elliott of St. Paul's Anglican church of Minden, the guest speaker. All members are urged to attend and encouraged to bring a friend.

Huskies drop 2 more

The Haliburton Huskies dropped another pair on the weekend one to the Bracebridge Bears and the other to the league leading Gravenhurst Indians.

In Bracebridge the Huskies received scoring from Kevin Warburton assisted by Brett Austin, an unassisted goal from Glen Evans and Scott Rae scored assisted by Butch Manary.

The score at the end of two periods was 6-3 until Haliburton started taking penalties. The penalties delivered another drubbing to Haliburton when the Bears scored four power play goals. The score at the end of the game was 14-3.

A change of venue failed to motivate the Huskies to their first win Sunday. The team played the Gravenhurst Indians at the Minden arena and while they lost they did hold the powerful Indians to only seven goals.

Gravenhurst drew first blood in the first period but the Huskies answered on a Scott Mitchell goal from Kevin Hamilton and Rob Abbs. Goaltender Colin Newell kept the Huskies in the game with some acrobatic goaltending. But the best was yet to come.

In the second period Gravenhurst scored four more goals but not without Newell robbing them time and time again. His agility saved the Haliburton team from a far more embarrassing loss.

Mike Rae picked up an assist on a goal by John McKelvey with Butch Manary helping out and Rae scored after work by Scott Rae and Manary. This put the game at 5-3 at the end of the second.

Mike Rae scored his second goal of the game in the third period assisted by Scott Rae and Rob Abbs. The Huskies power play, so effective in the first two periods, started coming loose and allowed two goals. Newell still had his style down pat but was overwhelmed by the fast Gravenhurst team. The score at the end of the game was 7-4 Gravenhurst.

The Huskies play Saturday in Haliburton when they meet Huntsville. Game time is 8 p.m. The team travels to Essa Sunday for another 8 p.m. contest.

The Haliburton Huskies scramble in front of the Gravenhurst net during the game Sunday afternoon at the Minden arena. The Huskies lost the game to the powerful Gravenhurst team 7 to 4.

Bracebridge hot at Carpentier tourney

If the outcome of the tournament held in Haliburton last weekend is any indication the Pee Wee team from neighbouring Bracebridge is heading for an All-Ontario Championship.

Not only did they win the "A" Grand Championship but they out-scored their opponents by a total of 31 to 5.

When the individual awards were presented Bracebridge players received the best forward, best defenceman and most valuable player in the tournament. A selection committee gave out three star awards after each game in the tournament, but after the final game the committee was so impressed that they decided to give a star to every boy on the team who had not already earned one. The team was so well balanced that there seemed to be no other choice.

An Ottawa team, which won the A Consolation also impressed the judges with their clean play and team

discipline. This resulted in them being awarded the Bill Davis Memorial Sportsmanship Award. This trophy is presented each year by the referees and honours an individual who spent most of his days during past winters working in the timer's box prior to his untimely death.

The "B" division saw Bancroft take the championship side and Haliburton won the Consolation. When these two squared off in the grand championship "B" it was anybody's game right to the final buzzer. Bancroft edged out the home team 4 to 3 in spite of the valiant efforts of Gavin McKnight in net who won the best goalie in "B" division award. Other awards went to Cory Cotnam of Bancroft for best forward and Steve Dewell of Fenelon Falls for best defense.

The Minden entry, playing in the second division, lost the opening contest 5 - 2 against Oakridges. They were subsequently defeated by Haliburton 2 - 0.

The Pee Wee Tournament was moved into a new time

slot this year and as a result Minor Hockey and the Lake Kashagawigamog Tourist Association who organize it, had some difficulty filling it. They are looking ahead to their next two in January. An Atom tournament runs on January 7, 8 and 9 and a Novice tournament on January 21, 22 and 23.

HOMEWORK #2

(I look forward to hearing your views)

Gary Kenney
Box 808, Minden
286-2817

- The next few months will see Council approve many appointments to committees and advisory groups.
- In several areas I feel there *must* be as equal an effort to include representation from seasonal residents as there is to include representatives from other portions of the community.
- Examples are Waste Management, Parks, and Official Planning.
- Further, I believe meetings should be planned with regard to the availability of all members and compensation for fuel costs made to members travelling from outside the Municipality.

- Prior to the election, all elected members of Council showed concern for the interests of *all* ratepayers.
- Now is the time to act on that concern.
- I intend to propose ways we can. I hope my fellow members will as well.

They pay their taxes - let's pay them attention.

The Canadian Movement for personal fitness

Winners of a nine team volleyball tournament held last week in Haliburton the Archie Stouffer Elementary School team included, front row, left to right Gord Wood, Derek Little, Captain Andrew Burk, Tom MacLeod, Scott Raymond. Back row: Richard Beers, Ernie Kleihauer, Craig Crowe, Scott Russell, David Schell, Myles Johnson and coach D.J. McKinlay. A girls' team also took part in the tournament and placed fourth.

puck talk

Atom

In Baysville this past Sunday, the Minden Atoms came up with a 5-1 win over their hosts, thanks to a pair of unassisted goals from Robie Ackerblade and Joey Boyle. David Lee scored the other Minden marker, his coming on an assist from Joey Boyle.

Randy Bull played a good game for Minden in the nets.

Juveniles

The Minden Juveniles walked all over Bracebridge November 26 defeating the

visitors 17 - 4.

Ivan Ingram led the barrage for the Minden squad scoring six goals. Other marksmen for the Monarchs included Eldon Bull with four; Scot Hamilton with three, one scored when the team was shorthanded and he was awarded a penalty shot a pair for Jim McKelvey and singles from Rob McLeod and Greg Newell.

Saturday December 4 saw the team incur their first loss of the season, losing on a close 5-4 margin to Oakwood. The

game was played in Oakwood.

The hosts opened the scoring in the first period, potting two. John McKelvey put Minden on the scoreboard in the second period, scoring on a power play with a pass from Wade Barry. Rob MacLeod from Greg Newell and Scot Hamilton from Wade Barry rounded out the team's second period scoring. Oakwood added another before the second period ended, to tie the game.

The hosts pounded in two more goals in the final frame to grab the lead. They held on to it despite a goal from Kevin Hamilton, who scored on a pass from MacLeod and Newell.

The schedule

Thursday December 9: 8 p.m. Haliburton Pee Wees at Minden.

Friday December 10: 7 p.m. Rosseau Juveniles at Minden.

Saturday December 11: The annual bantam tournament will be held with eight teams taking part. The games get underway at 9 a.m. with Minden playing Fenelon Falls; 10 a.m. Beaverton plays Bewdley; 11 a.m. Oshawa against Lefroy; 12 noon Powassan against North Bay. Games will continue throughout the afternoon with winning teams advancing to the championship round and losing teams taking part in a consolation play-off.

Sunday December 12: 4 p.m. Fenelon Falls Atoms at Minden.

5 p.m. Baysville Pee Wees at Minden.

6:30 p.m. Bracebridge Juveniles at Minden.

Men's Commercial
At the end of series one two teams were tied for total points. Modern Electric and Kashaga Ford. So the winner was declared by total pin fall - Kashaga Ford.

Standings
Modern Electric 146; Kashaga Ford 146; Guilford Recreation 142; Carnarvon Lanes 139; Harding Metals 137 and Carnarvon Lumber 99.

High Average
Ron Robinson Jr. 238 and Bruce Cummings 229.

High Singles
Dan Harding 346 and Fred Cox 340.

High Triple
Gord Everall 861 and Dan Harding 811.
The Booster Club Winners for last week were: no. 181 - \$60 and no. 40 - \$40.

kin-corner

Fun, fellowship, hard work and dedication to the community's needs, that is what the Kinsmen Club of Minden stands for.

This community has always supported Kinsmen events and for that we are grateful. Readers will be pleased to know that the funds we raise are ploughed back into the community.

For example, here is a list of donations made by the Minden Kinsmen Club since September of this year: Cystic Fibrosis-\$1000; Canadian National Institute for the Blind-\$50; Haliburton County Snowmobile Association-\$300; high school career day program-\$250; Carnarvon Play School

equipment--\$50; area Christmas hampers-\$250; Association for the Mentally Retarded-\$250.

Those donations represent well over \$2000 returned to the community in the last three months. We won't stop there.

There are many more projects and services that definitely need funds. With your support the Kinsmen Club will be able to continue to help.

One added note, don't forget the Minden Kinsmen Winter Carnival, scheduled for January 28, 29 and 30. It is going to be bigger and better than ever before. Watch Kin Korner for updates on Carnival preparations.

"SO LONG JOEY"

Joey thought he had everything he wanted
-- then he was ready to commit suicide
-- then help came???

THE JAZZ SINGER CARTOONS MUPPETS STAR WARS THE SEA WOLVES SOUTH PACIFIC OKLAHOMA WEST WORLD 9-5

senior league

by Bert Harrison

Mrs. Eleanor Walker's great great grandson, and Lola Prentice's great grandson, along with other babies were christened in Minden United church. I imagine all the relatives were really quite excited. I love babies, especially baby daughters. I like to hold them on my knee from the time they are a few days old, until about twenty-three.

I am afraid we are going to be feeling rather blue. They tell us Santa Claus is down with North Pole flu. If he doesn't get better soon, whatever will we do.

Rev. Burgess took the service last Sunday in November and while the Thompsons are away, a little bird told Mrs. Taylor we needed someone to play. It is so nice to have music for the singing. We thank you again Agnes, for coming. Much pleasure she is bringing.

My sister Blanche Windsor has written a book, about their life with the Indians in the Peace River country. If a copy you request, they are on sale at Hyland Crest.

Watched three movies Monday night "Sheep in the Woods" "The Art of Cooking" and "A Heron Named Bill", who ate all kinds of "goo" until he was filled.

Sorry to report Mrs. Avery is in hospital. We hope not for long.

Haliburton Lieutenant Buell of the Salvation Army held the service in the Chapel, this last November day. Our girls came, Barbara to sing, Agnes to play. We thank them all for coming. What more can we say?

Someone who is nice to have back again is Rachel Fearrey. She waits on us with a cute little smile, and is not a bit contrary.

Ruby Lewis was away for the weekend, to tell us where she went, she wouldn't condescend.

The Doctor says Millie Wood has fluid on her chest. She has to behave herself, and take a real good rest.

The Ladies of the Eastern Star served a lovely lunch this Thursday afternoon. Mrs. Currie played some real lively tunes, like "Spring time in the Rockies", which gave us a thrill, and "Birds in the tree-tops on Mocking Bird Hill". A big "Thank You" ladies, is what we want to say. Hope you will come back to us some day.

Ted Carr is making another flower cart, and is feeling rather blue. He just got the thing half built, when someone swiped his glue.

Down in fun and fitness Edith Welch, bless her heart, beat us all in throwing of the dart.

We are sorry to report that our administrator, Mr. Brown, fell, and his ankle he did sprain, but hopes to be back with us on Monday once again.

We were sorry to miss "sing song" time this Friday

afternoon, but our grandson, wife and little great granddaughter, who live at Onaping, on the other side of Sudbury, came to visit us, so we couldn't do a thing.

Think of me, as your friend, I pray.
And call me by a loving name,
I will not care, what others say,

If only you remain the same.
I will not care how dark the night,
I will not care how wild the storm,
Your love will fill my heart with light,
And shield me close, and keep me warm.

Is fitness Important?
Ask any body.

kinmount klippings

(Intended for last week)

Congratulations to the Kinmount Knights who won 13-3 against the Coboconk hockey team. Scorers for the Kinmount team were John Barkwell, Brian Miles and Danny McCluney.

We are happy to hear that

Reg. McCluney is now home from the hospital and on the mend. When we hear that "foot-stomping" music again Reg, we'll know for sure things are O.K.

Tony and Jan Abela are currently enjoying the company of Tony's Mom, Margaret Abela and her sister

Wednesday, December 8, 1982

Olive Saint, visiting from Newcastle, England. They will be staying and visiting other relatives in Ontario for the next eight weeks. Glad to have you both in Kinmount.

St. James Anglican Church held a tea and bazaar sale recently and by the huge crowds that turned out, I'm sure the bazaar was a success.

Are you staying home for Christmas or having friends in, or maybe visiting other parts of the country? Drop in to TJ's and leave the news or phone Jan at 488-2606.

Discover the Caribbean with the ships that discovered the Caribbean.

The tall ships. Sleek sailing vessels out of another age. Ships which were the prized possessions of the millionaires Onassis, Vanderbilt and the Duke of Westminster.

Now, you can sail them through the mystical Caribbean. To well-known islands as Nassau, Antigua and St. Maarten. And to places the 12 story oceanliners never touch.

To magic islands with names like Saba, Carriacou, Anegada. Bligh's breadfruit isle. Strevenson's Treasure Island. They are all here waiting to be discovered again. With unforgettable beaches, forgotten forts, hushed volcanoes, picturesque towns and our island friends.

Join us in your barefeet, bikinis, or shorts. Start off with your morning eye opening Bloody Mary or a hot steaming cup of coffee, and brace yourself for a day unlike any on earth. This is the sea.

A special place of rainbows, iridescent sunsets, living reefs, rainbow fish and pink and white sand beaches.

Now comes the night at sea. The silence broken by the throb of steel drums, merangue, calypso, reggae, all under an exotic Caribbean moon.

This is a Windjammer adventure like no other on earth. Join our voyage for 6 or 14 glorious, uncomplicated days aboard the tall ships. You can share for only \$425. Send the coupon for your free 'Great Adventure' booklet.

And get ready to put a lot of living in your life.

Break bread with a great bunch of guys and gals. Gorge yourself with hearty home cooked meals, washed down with evening wine.

Cap'n Mike, Windjammer 'Barefoot' Cruises, P.O. Box 120, Dept. 2743, Miami Beach, Florida 33139.

I'm ready. Send my free full color 'Great Adventure' booklet

I am sorry to report that Mr. Lanny Hughes of Minden passed away last week. Our deepest sympathy goes to his family and friends.

Mrs. Marjorie Anderson is confined to Ross Memorial Hospital in Lindsay. Hopefully she will be home again soon.

My dad, Walter, is in Toronto General Hospital undergoing tests. I hope he will soon be well and home once more.

Mr. Robert Trumbull is in serious condition in Civic Hospital, Ottawa following an automobile accident. His wife is in the same hospital having sustained injuries in the car accident. Our prayers for a speedy recovery for them both.

The winners of the Mini Card Party at St. Paul's are as follows - Dora Dawson, euchre, lone hands - Irene Houghton and Charlotte O'Neill. The lucky prize winners were Diane Stevens and Shirley Elcome.

A very happy birthday to Joyce Hewitt who celebrated her birthday last week.

At Hyland Crest Senior Citizen's Home, a very happy birthday to Winnifred Johnson, Eleanor Walker and Esther Rowbotham who celebrated their birthdays this December.

The free movies will be shown this Friday in the Common Room at the Minden Cultural Centre. Movies for adults will be shown from 2 to 3 p.m., and for children from 7:15 to 8:15 p.m. Everyone is welcome.

Della Griffin is home from Civic Hospital following surgery and is much improved.

The Thrift Shop at St. Paul's will be open this Friday. This is a good opportunity to take advantage of some great buys.

Diane Stevens, I am happy to report, is home from Ross Memorial and on the mend.

Murray Austin underwent surgery at Toronto General Hospital, and we all wish him a speedy recovery.

Jim Harrison of Maple Lake, brother of Elmer Harrison, is retiring from the Reeveship of Stanhope, was given the Citizen of the Year award at the Annual Christmas Party, held at the Stanhope Fire Hall. Our congratulations to him and all best wishes.

Mrs. Mary Bowins is in Wellesley Hospital in Toronto. We wish her a speedy recovery.

Mrs. Lillian Porter's daughter and grandson visited with her in the Sunrise Apartments, last weekend.

I am happy to report that Herbert Hancock is home from the hospital and convalescing nicely.

Please don't forget, beginning December 13, there will be a display of children's art from the Archie Stouffer School at the Agnes Jamieson Gallery. Do support our children and come and view the work of these talented kids.

Drive carefully, especially in this weather when it can play tricks with the roads and can be foggy or slippery.

Don't forget about the Andre Lapine Collection and

other works of art on display at the Agnes Jamieson Gallery. If no one is in attendance, Jeanne Sears will graciously open the Gallery for your viewing inspection.

My art class will begin Tuesday, January 25 at the Minden Cultural Centre, from 1:30 to 3 p.m. I hope to see a lot of you there. It will be a relaxing afternoon and I am sure you will enjoy it.

The Whole Person. Many a man, it is true, believes in the immortality of the soul; but is just the feeling of love above all which shows the inadequacy of this abstract belief. A disembodied soul is not a man, but an angel; but we love the whole man, the whole human individuality, and if love is from the very first the source of enlightenment and spiritualization of this individuality, then it necessarily demands the eternal youth and immortality of the determinate human being, of this living soul incarnate in a bodily organism.

kid's korner

by Jean Lacey

Hi kids!

Here is something you can make to hang on your Christmas tree. 1 - piece of wide ribbon (red or green) 1 - roll from paper towels, 1 - styrofoam ball - 2", some red wool.

Cut paper roll to the size of the width of ribbon, glue ribbon to roll, glue styrofoam ball to bottom of roll.

Use wool or tiny pieces of felt for eyes, nose and mouth and glue to ball.

Glue red wool strip around ball, add a wool handle to top of hat and fill with candy and hang on your tree or give to a friend.

Q: What do you get when

you cross a baby chick with an alleycat?

A: A peeping Tom.

What do you get when you cross an elephant with Darth Vader?

A: An elevator.

Q: Why couldn't Batman go fishing?

A: Because Robin ate all the worms.

Q: What did one ear say to the other ear?

A: Do you live on this block too?

Bye for now. Take it easy. God bless till next time.

book nook

Juvenile Fiction

Title: Man From The Sky. Author: Avi.

Everyone knew Jamie was a dreamer, but he had a hard time to show he had seen a "man falling from the sky". Read about this mystery. Very easily read and fine for a young person trying a harder story after a picture book.

Juvenile Non-Fiction

Title: 13 Goblins. Author: Dorothy Spicer.

Come and meet the invisible Hobgoblin, the mysterious man with the green feather, evil goblins and ghost stories. Here are 13 tales of fantasy from many different countries, illustrated in black and white by Sofia. Interesting and haunting for the juvenile reader.

Adult Fiction

Title: Blayde R.I.P. Author: John Wainwright.

Chief Superintendent Robert Blayde has been one of the toughest, most remarkable of the policemen who have been brought to life by John Wainwright and who have made their way through his novels.

From his training as rookie through his life long war against crime, Blayde's tale is the story of an ambitious policeman's rise to power. Blayde is a loner, a man who hates crooks, not a man to toe the line or conform to the letter of established routines. Strewn with episodes of hard-nosed policing - many of them violent and shattering to a lesser man than Blayde - Blayde R.I.P. is nonstop reading about the most demanding of all professions, and a close look at what makes a policeman tick.

Adult Non-Fiction

Title: Susanne Moss. Author: Susanne Moss.

Susanne has Cerebral Palsy. All through her book she tells us how she has been on her own and the problems she and other handicapped people face. Miss Moss has succeeded where others have

failed because she is gifted with great determination and has good friends. A book we should all read because in every chapter, we will see ourselves whether we are handicapped or not.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and
IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close a portion of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shore-line perimeter of Gull Lake, in front of Lot 10, Concession 12, in the Township of Lutterworth and to convey part of the aforesaid Shoreline Allowance Portion to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 310(1)(a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35, on December 28th, 1982 (Tuesday) at the hour of 4:00 p.m., a By-law to stop up and close the parcel of land more particularly described as follows:-

SCHEDULE "A"

ALL those adjoining parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Gull Lake in front of Lot 10, in Concession 12, in the Township of Lutterworth, in the Provisional County of Haliburton, designated as Parts 1 and 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2712.

AND, in addition, to convey Part 2 on Survey Plan 19R-2712 to the owner of the abutting Instrument Number 25199.

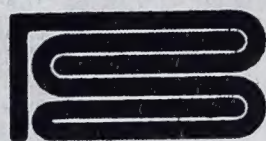

A copy of the Survey Plan 19R-2712 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applied to be heard.

DATED at the Township of Lutterworth this 24th day of NOVEMBER, 1982.

Mr. Wayne D. Hughes,
Clerk-Treasurer,
P.O. Box 176,

Snowmobile volunteers needed

The H.C.S.A. needs volunteers to help with trail patrol this winter. Anybody that would like to help please phone or drop into the following:

Minden Area

Larry McKnight, Minden Marine, 286-1011

Haliburton Area

Ken Lewis, Haliburton Marine, 457-1811
Brian Hunter, Lake Shore Marine, 457-1231

Hall's Lake

Dale MacDonald, Hall's Lake Esso, 489-2981

Every year we provide trails and every year we find that only 8% of the users are members. This year the 92% are going to have to join and help provide good groomed trails or ride elsewhere.

!!! WHY SHOULD 8% PAY FOR THE 92% !!!

With trail patrol this will change. Our aim is to increase the membership using the trespass charge if necessary.

The H.C.S.A., by joining the Trail Builders Alliance has reduced the price of membership from \$25.00 to \$15.00 per sled until January 1983. Then it will increase to \$20.00. By joining the trail patrol you help to insure your trails are being used by members only. You also help to improve the economy of Haliburton County as we will be able to improve trails, buy new equipment and attract more snowmobilers.
